Establishing Cohorts 2009-10 Entering Undergraduate Cohort (July 1, 2009-June 30, 2010: Full Year)

Directions: Begin by identifying your entering degree/certificate-seeking undergraduates for the full year of July 1, 2009 - June 30, 2010. Then report each student under one of the eight subcohorts (Pell or Non-Pell Grant recipients FTFT, FTPT, NFTFT, NFTPT). Each entering student should be reported only once. The four cohorts and total entering students will be calculated based on your subcohort reporting.

NOTE: Once a student is in the cohort, the student remains in the cohort, even if the student's attendance status changes (i.e., full-time to part-time, or vice versa) or if the student drops out, transfers out, or transfers back into the institution during the eight-year period. However, adjustments can be made to the cohort for allowable exclusions, which include the death of a student, permanent disability, military deployment, or service on an official church mission or with a foreign aid service of the Federal government. Exclusions are for the ENTIRE eight years for the entering 2009-10 cohort.

Summary

Outcome Measures Component Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website. The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website. College Navigator is updated approximately three months after the data collection period closes.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or <u>ipedshelp@rti.org</u>.

Perform Edits	You reported 3 full-time first-time undergraduate student exclusions via the OM component, but 5 full-time first-time undergraduate student exclusions at 200% in the GR200 component, which also covers 2009-10. We would expect the number of exclusions in OM to be greater than or equal to the number of exclusions at 200% in GR200. Please review your data and make any necessary corrections or explain the discrepancy. (Error #13419)	Explanation	Yes	
Reason:	There are actually 3 exclusions, 2 students who actually were awarded a degre as well in the GRS for the 2009 cohort.	e were accide	ently count as	an exclusion
