(1) Includes general revenue and lottery proceed funds.								
(2) Missouri Research Program includes annual merit compensation & benefits change of \$31,700,000; technology, infrastructure & training costs (\$10,000,000); non-tenure ranked faculty compensation (\$10,800,000); State equity adjustment (\$1,863,729); support for enrollment growth (\$10,400,000); joint UMKC/MSU pharmacy program (\$2,000,000); maintenance & repair investment (\$29,400,000); Missouri Returning Heroes Education Act (\$956,838); Caring for Missourians (\$24,300,000) & meeting workforce needs (\$2,000,000).								
(3) The Governor's recommendation includes a \$29,957,036 core reduction in general operations FY2012. Numbers shown do not include \$200,000 appropriation for bad debts.								
(4) Ellis Fischel Hospital & Clinics will be eliminated from the University's budget and will be paid directly from the state share of Medicaid claims by Department of Social Services. This results in a Governor recommended core reduction from the FY2011 appropriation level of \$8,454,932.								
(5) MOREnet has been moved from the operations fund to its own separate fund. It will no longer be included in the University's appropriations request. The Governor recommended a core reduction from the FY2011 appropriation level of \$6,823,717.								
(6) MOREnet has been moved from the operations fund to its own separate fund. It will no longer be included in the University's appropriations request. The Governor recommended a core reduction from the FY2011 appropriation level of \$6,823,717.								
(7) This recommendation is from Healthy Families Trust Fund - no general revenue appropriation.
