

## 2018-19 Data

### Outcome Measures Overview

Welcome to the IPEDS Outcome Measures (OM) survey component. The OM component collects award and enrollment data from degree-granting institutions on four undergraduate cohorts and eight undergraduate subcohorts at three status points: four-years, six-years, and eight-years after entry.

The four cohorts of degree/certificate-seeking undergraduates are:

- First-time, full-time entering (FTFT)
- First-time, part-time entering (FTPT)
- Non-first-time, full-time entering (NFTFT)
- Non-first-time, part-time entering (NFTPT)

For each cohort, two subcohort groups have been added to the OM component - Pell Grant recipients and Non-Pell Grant recipients - resulting in eight undergraduate subcohorts.

Changes to reporting for 2019-20

- There are clarifications to the terms "transfer-in student" and "transfer-out student"
- There is a change to FAQ #30: Are first-time or non-first-time students who transfer-out to another institution included in the non-first-time entering cohort of the transfer-in institution?
- The term 'contact hour' has been replaced with the term 'clock hour'
- The term 'formal award' has been replaced with the term 'recognized postsecondary credential'
- There is a new instruction to exclude students participating in Experimental Pell (See <https://experimentalsites.ed.gov/exp/approved.html>)

Data Reporting Reminders:

- All institutions must report on a **FULL-YEAR** cohort. The OM cohort year is 2011-12. The full-year cohort coverage period is July 1, 2011 - June 30, 2012.
- Institutions will establish their OM cohorts based on their subcohorts of entering Pell Grant recipients and Non-Pell Grant recipients. Institutions should first identify their entering degree/certificate-seeking undergraduates during the cohort coverage period of July 1, 2011 - June 30, 2012, and place each student in the appropriate subcohort. Each student should be reported only once.
- All institutions are required to report transfer-out student data.

- For each status point, institutions will report the highest type of award conferred to a student for each subcohort. The three award categories are certificates, Associate's degree, and Bachelor's degree.
- Institutions should report exclusions for the entire eight year period only on the "Establishing Cohorts" screen. Additional exclusions cannot be reported on the status point screens (i.e., four-years, six-years, or eight-years after entry).
- IPEDS will ask for an estimated time it took to complete the OM component. Include in that estimate the time to review instructions, research data sources (i.e., coordinate with IT and Student Aid offices), complete and review the component, and submit the data.

Important Dates to Remember:

All reporting institutions will report on degree/certificate-seeking undergraduates who entered the 2011-12 cohort year: (July 1, 2011-June 30, 2012).

- Four-year status point was as of August 31, 2015
- Six-year status point was as of August 31, 2017
- Eight-year status point was as of August 31, 2019

Reporting Tips:

Carefully read each [OM FAQ](#) before reporting your institution's data. There are FAQs regarding the major updates to OM 2017-18 collection, such as academic reporters now reporting on a full-year cohort, summer sessions starting prior July 1, reporting awards at different status points, and Pell Grant and Non-Pell Grant recipient subcohorts.

Summary

[Outcome Measures Component Summary](#)

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website. The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website. College Navigator is updated approximately three months after the data collection period closes.
